

Biomimicry in Medicine Workshop

This **event** is a **showcase** of **promising research topics** aimed at **enabling breakthroughs**, **improving health outcomes**, and **enhancing the knowledge and skills** of **Arizona researchers**.

The focus is on **biomimicry**, a **use-inspired approach** that leverages **strategies and mechanisms** from **biological models** and **nature** to tackle **complex clinical challenges**.

WHEN:

Friday October 4th
8:30am-3:30pm

WHERE:

ASU Edson E+I 850 PBC
(Phoenix Bioscience Core)
850 N. 5th Street, Phoenix AZ
85004

Presenters:

- Dr. Sara El-Sayed and Robin Berry
- Dr. Karen Sweazea
- Dr. Rizal Hariadi
- Dr. George Mastorakos
- Dr Mehdi Nikkhah
- Dr. Layth Mahdi
- Ammaar Zindani

Robin Berry

Asst Director, the Biomimicry Center
Robin.L.Berry@asu.edu
